Academic Projects

- **Speaker identification using deep neural networks /B.E, Mega Project 2019-2020**
  Speaker identification system works on the principle that the every speaker's voice is unique
  like finger prints thus can be used to identify the speaker or authenticate his/her claims.
- **Election campaigning portal / B.E, Mini Project2018-19**
  Election campaigning system is a portal in which political people can upload their
  information, which is required for their election campaigning.
